

Handheld Magnetic Particle Inspection AC Yoke

YK-1

Spectro-UV's lightweight, portable & compact AC Yoke exceeds ASTM and ASME specifications. Designed to perform Magnetic Particle Inspections in the most extreme environments found on earth. Operator inspection is fast and easy and allows for maximizing magnetic particle mobility.

AEROSPACE

AUTOMOTIVE

MANUFACTURING

PIPING

JUNCTION TUBE AND END CAP

CABLE STRAIN RELIEF

Built to withstand heavy field use

URETHANE GRIP

For maximum operator comfort

MICROSWITCH

Equipped for easy on/off functionality

SLIP-IN SWITCH COVER

Prevents moisture from developing within microswitch housing

Handheld Magnetic Particle Inspection AC Yoke YK-1

Voltage:	115 VAC Nominal
Current:	4.0 Amps
Frequency:	60 Hz
Cord Length:	8 Feet
Lift:	10 Pounds (4.6 kg) minimum
Pole Spacing (Capacity):	0 to 11" (28 cm)
Width Between Legs :	4.4" (11.17 cm)
Finish:	Black Urethane Rubber
Weight:	7.2 Pounds (3.3 kg)

YK-1

Handheld Magnetic Particle Inspection AC Yoke Kit

Comes complete with AC Yoke with cord set and soft carrying case.

COMPANY BACKGROUND

Spectro-UV is the global leader of inventing and manufacturing ultraviolet and non-destructive testing materials. The goal of Spectro-UV is to produce effective, top-quality products that are on the cutting edge of today's technology with the utmost dedication to customer satisfaction. We have worked alongside NDT experts, engineers, product designers, and standards committee members to carefully develop our compliant lamps to meet the highest standards.
